🌐 My LinkedIn

Profile

I am seeking a dynamic internship or junior role where I can apply my skills in **software development** and **hardware**. With experience in circuit design, embedded systems, and proficiency in languages like C, C++, Python, Java, and HTML, I am eager to contribute to impactful projects. My academic background and interest in IoT, AI, data analysis and machine learning, along with my proactive, detail-oriented nature, make me excited to grow professionally in a collaborative, innovative environment.

Professional Experience

AI Training Data Annotator [Document Tagger], *Sprinthive (Pty) Ltd*

2024 – 2025

- Utilized Document AI to label payslips with high accuracy.
- Applied Sprinthive labelling service to annotate bank statements and IDs.
- Completed key milestones on a Shopping Cart Project for Software Developer Interns.

Cape Town

Education

Bachelor of Engineering Technology in Computer

2020 – 2023

Engineering, *Cape Peninsula University of Technology (CPUT)* Final Year

Cape Town

Modules: Electronic Communications 3, Industrial Computing

Design Project 3, Database Systems 3, Embedded Systems 3, Network Systems

3

Edward Phatudi Comprehensive School

2018

Mathematics, Physical Sciences, Setswana (HL), English (FAL), Mechanical

Pretoria

Technology, Engineering Graphics & Design (EGD), Life Orientation.

Technical Skills

Hardware & Embedded Systems: — Competent

Programming languages — Competent

Arduino & Raspberry Pi, C, C++, Python, Java, SQL & JavaScript

Internet of Things (IoT) & Networking: Cloud

Competent: IoT & Network Protocols

Platforms: — Competent

Google Cloud Platforms

Soft Skills

- Problem-Solving
- Teamwork
- Attention to detail
- Strong communication skills

Interests

- Soccer
- eGaming
- Hiking
